MEMORY FOAM MATTRESS - MAXIMUM ORTHOPEDIC EFFECT

A quality mattress guarantees a strong and comfortable sleep

This product ensures proper and comfortable body alignment, crucial for the health of the back and neck. Therefore, choosing the right mattress is essential, as it directly affects the user's well-being.
Memory foam mattresses are especially popular on the market. These advanced products are made from high-quality materials using innovative technologies.

- Hypoallergenic material, safe for all users
- Ideal for double beds, as the surface structure absorbs all partner movements.
- Excellent air permeability for good ventilation.
- Does not put pressure on muscles and joints.
- Quickly adapts to any changes in body position during sleep

AM-28

The Star of the Collection®

Looking for luxurious comfort and exceptional support? Look no further. Introducing the AM-28 mattress.

AM-28

Foam Mattress with Advanced European Technology. The cooling Memory Gel foam dissipates excess heat generated during sleep. With its memory effect, the foam contours to the sleeper's body and effectively absorbs vibrations.

Cloud foam is a unique material that is durable, highly elastic, and offers excellent breathability.

Type: Foam Mattress
Max. weight: 130 kg
Height: 28 cm
Packaging: Rolled
Firmness: Above average (3.5 out of 5)

AR-28

Discover a new kind of luxury.

All the best features in one model. Enjoy your luxury lifestyle.

AR-28

Technology at Its Best.

Our 20 years of passion have created a velvety-soft yet firm mattress. It combines the reliable Gorilla pocket spring system made from a special metal alloy with soft, cooling Gel Memory Foam.

Type: Spring mattress
Maximum Load: 150 kg
Height: 28 cm
Packaging: Rolled
Firmness: Medium (3 out of 5)

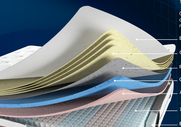
AB-22

Experience a new reality with this mattress.
Combining innovative technologies and years of expertise.

AB-22

The AB-22 mattress features an individual dual layer of "Argan Soft foam" that moves independently to support varying weight and body shapes. This not only eliminates the "sinking" effect but also ensures maximum support and comfort during your precious sleep.

You'll enjoy pleasant temperature regulation thanks to the combination of high-density Cloud foam and Aloe Vera Cotton knitted fabric.



Type: Foam mattress
Maximum Load: 150 kg
Height: 22 cm
Packaging: Rolled
Firmness: Above average (3.5 out of 5)

AQ-22

Next-Level Sleep

The AQ-22 mattress is designed for endless relaxation.
We believe this soft, comfortable, and exclusive mattress will offer you unmatched sleep.

AQ-22

At the core of the AQ-22 mattress lies the 7-zone independent Gorilla pocket spring system. Designed for high-quality sleep, The Gorilla pocket spring blocks are extremely strong, flexible, and durable. Thanks to these properties of the Gorilla block, the mattress can withstand loads of up to 140 kg and can be rolled up under vacuum. Combined with innovative materials such as Cloud foam and Argan Oil Foam, the Quebec mattress is maximally comfortable and reliable.

Type: Spring mattress
Maximum Load: 140 kg
Height: 22 cm
Packaging: Rolled
Firmness: Medium (3 out of 5)
